Stop mass surveillance in Mendocino County!

Flock Safety operates automatic license plate reader (ALPR) networks with cameras and AI to track motorists & their passengers. Flock has a searchable & easily hackable **NATIONWIDE network that shares their data with ICE** and other law enforcement.

**FLOCK CAMERAS ARE
WATCHING ALL OF US
ALL THE TIME!**

NOT JUST LICENSE PLATES

- Searchable database includes images of passengers, prediction of routes taken
- **Data can be shared with ICE**
- NO Warrant is needed to search
- **activists, immigrants, people seeking birth control & abortions have been targeted in small towns & large cities**
- rogue cops have used Flock to stalk sexual interests
- Flock cameras are easy to hack

**24/7 Mass surveillance
violates CA privacy laws
and 4th amendment rights**
