

Flock Safety operates automatic license plate reader (ALPR) networks with cameras and AI to track motorists & their passengers. Flock has a searchable & easily hackable **NATIONWIDE network that shares their data with ICE** and other law enforcement.

NOT JUST LICENSE PLATES

- Searchable database includes images of passengers, prediction of routes taken
- **Data can be shared with ICE**
- NO Warrant is needed to search
- **activists, immigrants, people seeking birth control & abortions have been targeted in small towns & large cities**
- rogue cops have used Flock to stalk sexual interests
- Flock cameras are easy to hack

24/7 Mass surveillance violates CA privacy laws and 4th amendment rights

Send them an email & make public comment at their meetings

Contact your city council & Board of Supervisors.

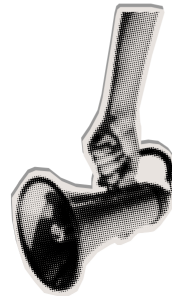

Together we can stop Flock

print & sign the petition to get Flock out of Ukiah

Join our movement to get Flock out of Ukiah and all of Mendo!!

contact mendoosbulletinboard@gmail.com

What you can do!

There are at least 35 Flock Cameras in Mendo County

Ukiah 14+

Fort Bragg 7+

Willits 3+

Rest of the county 8+

Flock contracts with the **Ukiah Police, Mendocino Sheriff, Fort Bragg Police, Willits Police.**

Companies like Home Depot also have Flock cameras.

Recently, thru **COMMUNITY PUSHBACK**, cities have **successfully ended the use of Flock**, including Santa Cruz, Mountain View & El Cerrito in CA!!

Small black cameras under solar panel
